*Winners of the Luton Community Arts Award
and The Brighton Fringe Award
for Outstanding Theatre.*

NGYT provide clubs (before and after school), curriculum based classes, exam intervention and enrichment activities.

We also deliver educational Theatre performances and workshops having notably worked alongside Policy Works and Bedfordshire Police.

In addition to our own programme of productions, we are also happy to create bespoke performances and workshops tailored to the needs of your school.

For schools looking to be awarded Artsmark NGYT are the ideal local Arts partner to collaborate with. Schools with high arts ambition must be seen to be extending cultural experiences for their young people and by building partnerships with organisations such as ourselves this strengthens culture and learning throughout the whole community. We too place great emphasis on a broad and balanced educational experience; one that celebrates creativity and imagination.

NGYT are driven to partner with those who share this vision.

If you have a Dance or Theatre project in mind or alternatively perhaps you'd like us to offer our input with an idea please get in touch as we'd love to explore ways of working together.

All our teachers/practitioners are DBS checked.
